PENITENTIARY MANAGEMENT

Superintendent Day Submits Report That Does Not Explain.

BONDS HERE AT LAST

Treasurer Worth's Heart Made Glad at Receipt of Long Expected Bonds
General Carr Announces Engagement of His Daughter to a Pennsylvania—Another New Industry Incorporated.

Raleigh, N. C., Nov. 21.—The statement of the finances of the penitentiary, which the Board of Trustees requested Superintendent Day to make at their meeting here in October, has been completed, and printed copies forwarded to the different members of the board.

The receipts and disbursements from January 1, 1899, to October 1, 1899, are given in itemized form. They comprise twenty-three printed pages.

No balance-sheet is given, and the report is in such condition that the total amount of expenditures and receipts at the close of business September 30, 1899, cannot be stated.

The special appropriation of \$55,000 which the Legislature made for the maintenance of the institution does not figure in the report. The different items for which this money was expended are given separately. The items given in detail indicate only a few instances, the prices paid and received. The prices received for cotton seed and other commodities are not mentioned. The prices paid for meat and other commodities are stated.

After reading the report, you are none the wiser as to the financial condition of the institution.

BONDS HERE AT LAST.

State Treasurer Worth was delighted to-day at the receipt of the long-expected \$205,000 of penitentiary bonds. Of these, \$110,000 are to pay the debt the Fusionists contracted, and \$95,000 to pay for the Caledonia and Anson farms. The American Bank Note Company, which printed the bonds, and which was so slow in doing the work, sent a receipt for the \$750 for the printing. It will be remembered the bonds were to have been delivered last summer, and that a member of the company made the promise that the bonds were nearly ready. As the State had bought the farms it had to pay interest on the money until the bonds came. The Treasurer was on the point of bringing suit against the company for this interest, but it agreed to pay it. The \$750 is in lieu of the interest. The Treasurer says the company behaved very well in the matter.

ENGAGEMENT ANNOUNCED.

General and Mrs. Julian S. Carr entertained a party of young ladies and gentlemen at their beautiful home, Somerset Villa, Monday night. The occasion was a progressive dinner party, lasting from 7 until 10 o'clock. General Carr took this opportunity to announce the betrothal of his daughter, Miss Lalla Ruth Carr, to Mr. William F. Patton, of Pennsylvania.

Mr. Patton is a young lawyer of considerable prominence, living at Clearfield, Pa., and is the son of the late Gen. Patton, who was the close personal friend and advisor of Hon. Andrew J. Curtiss, the war governor of Pennsylvania.

General Patton was for several terms a member of congress and a gentleman of large and influential connections in his state. His sister is Miss Nora Patton, who has visited Durham on several occasions, the guest of Somerset Villa, and who has many friends here.

Miss Carr is one of the most beautiful and accomplished young ladies in the South, and the only remaining single daughter of General and Mrs. Carr.

Having attended the best schools and colleges in the land and having had the advantage of extensive travel, she is eminently worthy to become the wife of any man in the United States or any other country. She is not lacking in any of those qualities which make women attractive. She was born and reared in the South where men are noted for chivalry and the women for modesty, and she possesses a liberal share of both.

The young man from Pennsylvania is fortunate in having won the heart of such a fair daughter of the South.

NEW INDUSTRY INCORPORATED.

J. S. Carr, John C. Michie and Wm. A. Guthrie filed articles of agreement for the incorporation of the Michie Bayonet Shovel Company of Durham. This company is organized for the purpose of manufacturing and selling trenching tools for military service, covered by letter of patent of United States No. 634,690, to John C. Michie on October 10, 1899. The headquarters of the company will be Durham, and the capital stock of the company will be not less than \$10,000 or more than \$25,000. The duration of the corporation shall be fifty years.

The coffin company alone is one of the largest in the South, and the new enterprise will give Hertford a boom, it is believed.

CURES AFTER DOCTORS FAIL.

Trinchera, Col., Dec. 15, 1898.

I wrote you last summer and you advised me to take Wine of Cardui and Black-Draught. I have taken three bottles of the Wine of Cardui and four packages of the Black-Draught, and I am glad to let you know that I am better ever since I took the first nine doses. When I first commenced taking your medicine I was in bed. I tried several doctors and they didn't do me any good, but now I can do all my work and not get tired. I think I have had all the troubles that could afflict a poor woman; my back hurt, as did my head and legs, and I had sick stomach every time I ate anything. Now I can eat anything and not hurt me and don't get tired. I think this is the best medicine that was ever discovered.

Mrs. CORA ROBINSON.

Wine of Cardui

And yet this case of Mrs. Robinson's is only one of thousands. Every day in the year Wine of Cardui accomplishes wonders for weak suffering women, where doctors failed to bring any permanent relief. Doctors do the best they can, but Wine of Cardui is the one natural remedy for female diseases. It contains the vital elements necessary to strengthen and regulate the delicate menstrual organs. Hence it never fails to benefit—seldom fails to cure. With the convincing evidence published in favor of this wonderful remedy, no suffering woman should hesitate to avail herself of it. That frightful backache, and those dreaded pains in the head and legs quickly vanish under the magic influence of Wine of Cardui. For advice in cases requiring special directions, address, giving symptoms, The LADIES' ADVISORY DEPARTMENT, The Chattanooga Medicine Co., Chattanooga, Tenn.

ARCHER, Marshall Co., Tenn., Dec. 1, 1898.

My wife has been sick four months. The doctors pronounced it nervous prostration. I got her a bottle of Wine of Cardui. She has taken five doses only and it has done her more good than all the medicine she has taken from the doctors.

A salesman in a hide and leather house in Denver, Col., in an interview, said: "I have used a great many boxes of

and I have received much benefit from them. Before I used them I was severely troubled with indigestion, dyspepsia and headache, and although I tried many different kinds of medicines I have not come across anything which gives the relief that Ripans Tabules do. As they say in their advertisement, I found that one gave relief. I now use them right along and do not let a chance slip to speak of their merits."
